

Over the last few years the BLCC have been working towards increasing our junior development, where children as young as 12 can compete in Motorkhana's. Motorkhana's are designed to improve car control, acceleration control and braking. After paying membership and obtaining a CAMS lic, the entry fee is \$10.00 per entry for a junior. Its a great way to develop driving skills for the future either of the public roads or a an motorsport event. Plus meeting other budding young competitors, currently the BLCC have 12-14 junior competitors ranging from the ages of 12 to 18.
