Momentum building...

Things are really starting to happen with the first round of the ARC and VRC only eight weeks away and it will all happen here in Ballarat.

220km of competitive stages have been finalised with the action in the Wombat Forest on Saturday, and in Creswick and Enfield Forests on Sunday.

The Program for the event begins with the Service Park opening up on Tuesday in the Ovals1,2 and 3 arena in the Gillies St / Sturt St corner of Victoria Park, followed by Testing for the keen crews on Wednesday, Recce of the route by all crews during the day followed by a competitor briefing and welcome function in the evening at the Wendouree Centre for Performing Arts on Thursday, Shake-down and media day in the morning and Ceremonial start in Bridge Mall at 5.30pm on Friday

A number of BLCC members have agreed to fill key positions in the event organisation, including Ian Ellis - Logistics, Arron Secombe - Officials Coordinator, Chris Hall - Service Park Manager, Geoff Boyd—Spectator Manager, George Davidson - Map Maker and Chris Stevens—Media. They will all be looking for helpers, and more details are provided below by Arron as to when and where members can get involved.

It is promising to be an exciting weekend for the Club.

Officiating Opportunities

There are a variety of positions to be filled over the 5 days the event is in town:

In the Forest where the action is

Wednesday 15th March (Testing)

These are very short test stages and like all rally stages and are closed off to the public while the crews try something at speed, then change or adjust it and test again at speed. Start and Finish Controls and Road Closures (your very own private spectator point) are required on the day to ensure the safety of crews and the public.

Thursday 16th March (Reconnaissance/Scrutineering)

Crews will be driving the stages making pace notes for Saturday and Sunday. Required officials for start controls only. The stages will only be open for a certain amount of time for crew to drive over (twice only). Scrutineering will be at Pedders Ballarat, if you hold your CAMS Accredited Scrutineers licence this maybe a great chance to have a closer look at the ARC Vehicle.

Friday 17th (Shakedown/Re-Scrutineering/Media Day)

Crews have a chance to represent vehicles if required for scrutineering. Shakedown/Media Day, crews have a chance to have one more chance to shake their vehicles down and give rides to media and Sponsors prior to competition on the Saturday and Sunday. day

Saturday 18th and Sunday 19th (The Event)

220+ Kms of Competition over 2 action packed days.

Officials Required

Please think long and hard about the consequences your actions have on the rest of the Club Vehicle Permit Schemes permitted vehicles and their owners when your club permitted vehicle is being used. It is not a right to have a vehicle on a Club Permit, it is a privilege that is given provided all the boxes are ticked and maintained. It can be withdrawn at any time for many and varied reasons. Don't be the one that causes this club to lose that privilege.

Can you help at a club event, function or activity?:-

Our committee has been asking for help with recent and up coming events, Marshalling, Time Keepers at the club track etc., etc.. If you want your club permitted vehicle signed off, here are some excellent ways that you can get involved and cover the requirements of the Regulations, the Club Rules, enjoy a day or two with fellow members, learn new activities and on it goes. The Club Supports Those That Support The Club. It is a two way street. Please don't wait until some one has to ring around. Put your hand up and be counted.
