

C of C message to officials

Thank you for your valuable contribution to what we can now say has been a clearly successful first up ARC Eureka Rally. We had no need to send in the Medical Intervention Vehicles to any rally cars stopped on stages. We had no reports of breached stage security. These aspects were a great relief to the organising team. Competitors were very pleased with the selected course and the event organization.

Apologies for the dust out there, but the mild weather was unusually kind to us for March in Ballarat, and did the make the weekend more enjoyable for all.

Congratulations to the lucky winners of the officials prize draws.

I look forward to your continued assistance with mounting an even better Eureka Rally in 2018.

Ross Runnalls.

Clerk of Course

Officials Coordinator message to officials

Good Evening Officials

I would like to thank you for your huge effort to make the Eureka Rally a massive success. The event takes nearly 310 officials for the weekend this includes Road Closures, Time Controls, Service Park Set Up/Officials, Course Cars, Admin, Security, Refuels, Set Up officials the list goes on. Without officials such as yourself events don't run. The Eureka needs officials from 6 am Tuesday until 6 pm Sunday evening. With officials offering Assistance everyday. I would like to thank the rest of the directing team Ross Runnalls (COC) Scott Spedding (Road Director) Katie Philips (Corporate/Admin).

The second worst job to Officials Coordinator would be equipment officer, and Ian Ellis ran that shed to perfection.

Geoff Boyd and George Davidson are the map masters no job to big or to small to draw or design.

A big thanks to our Officials Sponsors:

- Kennard's Hire Rally Australia
- CAMS
- Arron Windus Motorsport
- Eclipse Ford.
- JAX Tyre's Ballarat.
